Rev up Safety: May is Motorcycle Safety Awareness Month

Beaumont, CA— During Motorcycle Safety Awareness Month in May, the City of Beaumont Police Department would like to remind drivers to always look twice for motorcycles. By practicing safe driving habits and taking shared responsibility on our roads, we can help everyone arrive at their destination safely.

“Motorcycles may be difficult to spot, so be extra careful before changing lanes,” said Chief Sean Thuilliez. “A simple double take could mean the difference between a safe journey and a tragic crash. Motorcycle riders do not have the same protections drivers and passengers do. Let’s do our part to keep each other safe out there.”

According to National Highway Traffic Safety Administration data, there were 6,218 motorcyclists killed in traffic crashes in 2022. Motorcyclists were about 22 times more likely than passenger car occupants to die in a motor vehicle crash and four times more likely to be injured.

To help protect you and your family, keep the following tips in mind while driving or riding:

Drivers

- Always check mirrors and blind spots before changing lanes.
- Do not follow a motorcycle too closely. Always keep a safe distance.
- If you see a motorcycle with a signal on, be careful. Be sure that the rider is turning before moving ahead.

Motorcyclists

- Always wear a U.S. DOT-compliant helmet with eye protection.
- Wear leather or other sturdy clothing such as a jacket, pants, boots with nonskid soles, and gloves. Add reflective strips or decals to your clothing and motorcycle to make it easier for other drivers to see you.
- Ride defensively. Don’t assume a driver can see you and avoid riding in a driver’s blind spot.
- Always keep your lights on, even during the day.

Lastly, both drivers and riders should never operate their vehicle distracted, or under the influence of alcohol or drugs. For questions related to motorcycle safety, please contact Sergeant Nathan Lunt via 951-769-8500. For media inquiries, please email pio@beaumontca.gov.
